EXPERIENCE

Apps by Lukas

App Development Consultant
April 2017 - Present

- Led the design and development for Farbe and aimed for an international outreach. It became a Top Entertainment app in 14 countries.
- Created various approaches to MVP launches based on client resources.

Tip Yourself Co.

Chief Technology Officer
February 2016 - April 2017

- Awarded Best New App and 19th Top Finance App by Apple App Store because of outstanding reviews.
- Reduced operating costs by taking ownership of security issues, implementing best security practices, and removing a costly consultant.
- Structured the backend that handled millions of dollars of transactions and wrote algorithms that detected and prevented fraudulent activity.

Tip Yourself Co.

Lead iOS Engineer
November 2015 - February 2016

- Took their 200 users to over 30,000 in first three months by implementing a better bank sign-up flow I designed.
- Developed a social experience that encouraged users to share their moments of positivity resulting in a unique community that was endorsed by Oprah Magazine.
